CALMER SKIN STARTS WITH A STRONG SKIN BARRIER.

CALMER SKIN. STRONGER BARRIER.
LONG-TERM SKIN CONFIDENCE.

UNDERSTAND YOUR SENSITIVE SKIN

SO WE CAN TREAT IT THE RIGHT WAY.

Sensitive skin is more than just occasional redness. It is a sign that your skin barrier is compromised and needs professional care, protection and time to heal.

WHY IS YOUR SKIN SENSITIVE?

WEAKENED SKIN BARRIER

Loss of essential lipids makes the skin more permeable and reactive to external factors.

INFLAMMATION & REDNESS

Internal and external triggers can cause chronic inflammation and visible redness.

ENVIRONMENTAL STRESSORS

UV exposure, pollution, wind, extreme weather and harsh products weaken your skin.

HARSH SKINCARE & OVER-EXFOLIATION

Aggressive ingredients and overuse of actives can damage the barrier and cause irritation.

LIFESTYLE FACTORS

Stress, lack of sleep, poor diet and hormones can increase skin sensitivity.

GENETIC PREDISPOSITION

Some skin types are naturally more prone to sensitivity and reactivity.

HOW WE TREAT SENSITIVE SKIN AT SERENITY

CALM INFLAMMATION

Advanced mesotherapy ingredients like PDRN and Exosome help calm inflammation, reduce redness and support skin recovery.

REPAIR & STRENGTHEN THE BARRIER

We rebuild your skin's protective barrier, improve hydration and strengthen resilience from within.

RESTORE BALANCE

Targeted vitamins and nutrients restore vitality, reduce sensitivity and support long-term skin health.

LED LIGHT THERAPY

Medical-grade LED light therapy reduces redness, soothes irritation and promotes faster healing without damaging the skin.

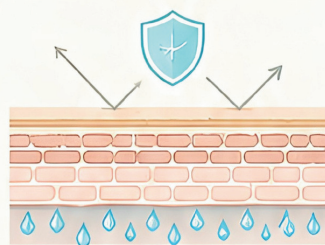

GENTLE, MEDICAL-GRADE APPROACH

Every treatment is performed with high-quality products and minimal trauma to ensure comfort and safety for sensitive skin.

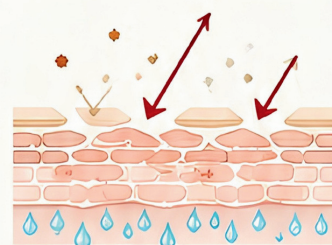

THE SKIN BARRIER: STRONG vs WEAK

STRONG BARRIER
Healthy, protected, hydrated skin

- Locks in moisture
- Protects from external aggressors
- Smooth, calm and resilient
- Less redness and irritation

WEAK BARRIER
Compromised, sensitive, reactive skin

- Water loss & dehydration
- Easily irritated and red
- Reacts to products & environment
- Feels tight, rough and uncomfortable

Our goal is to heal, strengthen and protect your skin so you can feel calm, comfortable and confident every day.

WHAT YOU CAN EXPECT

CALMER SKIN

Visible reduction in redness, irritation and skin reactivity.

STRONGER BARRIER

Healthier, more resilient skin that is better protected.

DEEP HYDRATION

Improved moisture levels for soft, smooth and comfortable skin.

RADIANCE & GLOW

Even tone, improved brightness and natural healthy glow.

LONG-TERM RESULTS

With the right care and consistency, results are long-lasting.

TREATMENT PRINCIPLES

- ✓ No aggressive peels or harsh techniques that can damage sensitive skin.
- ✓ Minimal trauma, maximum results.
- ✓ Personalized plan based on your skin's needs and response.
- ✓ Clinical treatments + professional home care for the best outcomes.

SENSITIVE SKIN TREATMENT PLAN

CALM. REPAIR. STRENGTHEN. GLOW.

Advanced clinical plan for sensitive, reactive & rosacea-prone skin.
