UNDERSTANDING HAIR LOSS & YOUR TREATMENT JOURNEY

Hair loss can affect both men and women – and it can have many causes.
We treat the scalp and strengthen the hair roots so your hair has the best conditions to grow stronger and healthier.

WHY DOES HAIR LOSS HAPPEN?

STRESS

Physical or emotional stress can disrupt the natural hair-growth cycle and increase shedding.

HORMONAL CHANGES

Pregnancy, postpartum changes and hormonal fluctuations may contribute to temporary hair loss.

NUTRITION

Nutritional deficiencies or an unbalanced diet may affect healthy hair production.

MEDICATION & HEALTH FACTORS

Certain medications and underlying health factors can influence the hair-growth cycle.

POOR SCALP ENVIRONMENT

Excess oil, buildup, irritation or an imbalanced scalp can interfere with optimal conditions for healthy hair.

AGE & HAIR CYCLE

Hair naturally becomes finer with age, while changes in the growth cycle may reduce density.

WHAT HAPPENS WHEN THE HAIR CYCLE IS DISRUPTED?

OUR GOAL

Create the optimal scalp environment for stronger, healthier-looking hair.

MESO HAIR LOSS CONTROL vs. PRP

FEATURE	MESO HAIR LOSS CONTROL	PRP
Approach	Professional mesotherapy formula	Patient's own platelet-rich plasma
Blood draw	NO	YES
Injections	NO*	YES – multiple scalp injections
Active formula	Selected vitamins, amino acids & other active ingredients	Platelet-rich plasma
Treatment experience	Designed as a gentle scalp treatment	Involves blood collection and injections
Downtime	Minimal	Can involve temporary scalp tenderness
Home-care programme	Included with selected packages	Depends on provider

*Treatment performed with Meso Power Pen and microlifting technology – not traditional injections.

KNOW PRP? DISCOVER A DIFFERENT APPROACH TO HAIR RESTORATION.
MESO HAIR LOSS CONTROL combines professional scalp treatment with targeted active ingredients and a structured home-care programme – without blood collection or PRP injections.

OUR MULTI-ACTION HAIR RESTORATION PROTOCOL

WHAT CAN YOU EXPECT?

CONSISTENCY IS KEY – HAIR RESTORATION IS A JOURNEY, NOT A ONE-TIME TREATMENT.

Results vary from person to person.
